RESOLUTION NO. 39-17

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ESCALON, CALIFORNIA AUTHORIZING PREQUALIFICATION OF BIDDERS FOR PUBLIC WORKS CONTRACTS

WHEREAS, Section 20101 of the California Public Contract Code establishes procedures for certain local agencies wishing to prequalify bidders on public works projects; and

WHEREAS, the Department of Industrial Relations ("DIR") has developed standardized questionnaires and model guidelines for rating bidders pursuant to Public Contract Code Section 20101 (hereafter "Model Guidelines"); and

WHEREAS, under Section 20101, in order to prequalify bidders, the City Council must "adopt and apply a uniform system of rating bidders, based on objective criteria that set forth the minimum requirements permitted for qualification" and establish a process by which bidders who do not qualify may appeal;

WHEREAS, the City has determined that adopting bidder prequalification procedures in accordance with Public Contract Code section 20101, and modeled after the Model Guidelines, will benefit the City by providing an opportunity for the City to review prospective bidders' track record in detail and to create a more competitive pool of bidders; and,

WHEREAS, the City Council has determined that adopting bidder prequalification procedures and establishing an appeal committee will streamline the formal bidding process and further the City Council's goals to operate efficiently and in a businesslike manner.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF ESCALON RESOLVES AS FOLLOWS:

Section 1. The City Council hereby adopts the uniform system of rating bidders and process for appeals set forth in the "Request for Prequalification of Bidders" for the City of Escalon attached hereto as Exhibit "A" and incorporated herein by reference ("Prequalification Package"). The City Manager, or his or her designee, is hereby authorized to prequalify bidders on all types and sizes of public works contracts on behalf of the City of Escalon, either on an annual basis or on a project specific basis, pursuant to the attached Prequalification Package. The City Manager may use the scoring system provided in the attached Prequalification Package or may designate one or more alternative scoring systems for annual prequalifications, project specific prequalifications or both consistent with the requirements of the Public Contract Code.

Section 2. For purposes of the attached Prequalification Package, the City Council hereby establishes the Bidder Prequalification Appeals Panel ("Appeals Panel") consisting of the following, or their designee(s): the City Manager, the Development Services Manager and the Public Works Superintendent. Whenever a project is to be administered by the department of one of the foregoing, the City Manager is hereby authorized to appoint to the Appeals Panel an alternate department head from another department. The sole issue before the Appeals Panel shall be the scoring of a prospective bidder. The decision of the Appeals Panel shall be the City's final
administrative decision and any judicial review thereof shall be instituted no later than the time period referred to in section 1094.6 of the Code of Civil Procedure.

Section 3. Effective Date. This Resolution shall take effect immediately upon its adoption.

PREQUALIFICATION PROCEDURES FOR ANNUAL PREQUALIFICATION

Notice is hereby given that on INSERT DATE ("Notice Date"), the City of Escalon ("City") determined that all bidders on City public works projects requiring a Class A contractor license with a contract value greater than $100,000, or as determined by the City Engineer, must be prequalified as a condition of bidding on said projects. It is mandatory that all contractors who intend to submit bids fully complete the prequalification questionnaire, provide all materials requested herein, and be approved by the City to be on the final bidders list. No bid will be accepted from a Contractor that has failed to comply with these requirements. If two or more business entities submit a bid on a project as a joint venture, each entity within the joint venture must be separately qualified to bid.

Prequalification applications may be submitted by email to cityclerk@cityofescalon.org, by mail or in person during regular working hours on any day that the City of Escalon is open, Monday-Friday 8:00am-5:00pm (closed for lunch 12:00pm-1:00pm), to the City Clerk’s office, Escalon City Hall located at 2060 McHenry Ave, Escalon, CA 95320. Contractors who submit a complete prequalification package will be notified by email and first class mail of their qualification status, such notice to be mailed no later than fifteen business days after submission of the information.

Answers to questions contained in the attached questionnaire, information about current bonding capacity on an aggregate and per project limit, and the most recent reviewed or audited financial statements, with accompanying notes and supplemental information, are required. The City will use these documents as the basis of rating Contractors with respect to the size and scope of contracts upon which each Contractor is qualified to bid. The City reserves the right to check other sources to obtain additional information or to verify information given by any Contractor as part of the prequalification process. The City’s decision will be based on the evaluation criteria identified herein.

Prequalification approval will remain valid for one (1) calendar year from the Notice Date, except that the City reserves the right during that calendar year to adjust, increase, limit, suspend or rescind the prequalification ratings based on subsequently identified information and after giving notice of the proposed action to the Contractor and an opportunity for a hearing consistent with the hearing procedures described below for appealing a prequalification determination.

While it is the intent of the prequalification questionnaire and documents required therewith to assist the City in determining bidder responsibility prior to the submission of bids and to aid the City in selecting the lowest responsible bidder, neither the fact of prequalification, nor any prequalification rating, will preclude the City from a post-bid consideration and determination on a specific project of whether a Contractor has the quality, fitness, capacity and experience to satisfactorily perform the proposed work, and has demonstrated the requisite trustworthiness. Contractors are encouraged to submit prequalification packages as soon as possible, so that they may be notified of prequalification status well in advance of upcoming projects.

The prequalification packages should be submitted under seal and marked “CONFIDENTIAL” to the City of Escalon, Attention: City Clerk, 2060 McHenry Ave, Escalon, CA 95320. Pre-qualification applications may be submitted during regular working hours on any day that the City of Escalon is
open, Monday-Friday 8:00am-5:00pm (closed for lunch 12:00pm-1:00pm). If the applicant submits by email to cityclerk@cityofescalon.org, the subject line shall state “PreQualification Application”.

The prequalification packages (questionnaire answers and financial statements) submitted by Contractors are not public records and are not open to public inspection. All information provided will be kept confidential to the extent permitted by law; however, the contents may be disclosed to third parties for the purpose of verification, investigation of allegations that may impact Contractor’s prequalification status, and in the process of an appeal hearing. State law provides that the names of contractors applying for prequalification status are public records subject to disclosure, and the first page of the questionnaire will be used for that purpose.

Each questionnaire must be signed under penalty of perjury in the manner designated at the end of the form, by an individual who has the legal authority to bind the Contractor on whose behalf that person is signing. The Contractor shall provide only complete and accurate information. If any information provided by a Contractor becomes inaccurate, the Contractor must immediately notify the City and provide updated accurate information in writing and under penalty of perjury. The City may verify any or all information provided in completed prequalification packages, consider information provided by sources other than the prospective bidder, and conduct such investigations as the City deems appropriate to assist in the evaluation of Contractor’s responsibility, qualifications and financial capacity.

The City will evaluate all completed prequalification packages on a Pass/Fail basis as well as a points-based rating system. In order to prequalify for this Project, Contractor must obtain a “Pass” rating on all of the criteria set forth in Part 2 and meet the minimum rating requirements of the City for Part 3. Those Contractors who do not obtain a “Pass” rating for all of the criteria in Part II will not be prequalified to participate in bidding for the contract to perform the Project regardless of the score obtained in Part 3. A score sheet for Part 3 is included as Attachment 2 in the prequalification package.

The City reserves the right to reject any or all prequalification packages and to waive any irregularities in any prequalification package submittal. The City reserves the right to determine that any Contractor is not qualified at any time before or after the prequalification packages are received and evaluated if it finds that information provided therein is inaccurate, misleading or false, or upon evidence of collusion or other illegal practices on the part of a Contractor. The City, in its sole discretion, expressly reserves the right to cancel the prequalification process at any time, including but not limited to, after the deadline for the receipt of prequalification packages, reject any prequalification packages received by the City and competitively bid any contract without first prequalifying the bidders. The City reserves the right to adjust, increase, limit, suspend or rescind the prequalification rating based on subsequently learned information. Contractors whose rating changes sufficient to disqualify them will be notified, and given an opportunity for a hearing consistent with the hearing procedures described below for appealing a prequalification rating. The City may conduct a final review of the information submitted by the Contractor just prior to the award of the bid to confirm that the information submitted has not changed.

A Contractor who has submitted a completed application form, and who receives a rating of “not qualified” from the City may appeal that determination. There is no appeal from a finding that a
Contractor is not prequalified because of a failure to submit required information, but re-application is permitted. A Contractor may appeal the City’s decision with respect to its request for prequalification, and request a hearing, by giving written notice of appeal and submitting a deposit of one thousand dollars ($1,000) to the City no later than ten (10) working days after City’s issuance of the written notice of the Contractor’s qualification status. Unless City receives the written notice of appeal and deposit within the time specified above, the Contractor waives any and all rights to challenge the qualification decision of the City, whether by administrative process, judicial process or any other legal process or proceeding.

If the Contractor gives the required notice of appeal and requests a hearing, the hearing shall be conducted so that it is concluded no later than ten (10) working days after the City’s receipt of the Contractor’s Notice of Appeal and the $1,000 filing deposit. The hearing so provided shall be an informal process conducted by a panel to whom the City has delegated responsibility to hear such appeals (the “Appeals Panel”). At or prior to the hearing, the Contractor will be advised of the basis for the City’s prequalification determination. The Contractor will be given the opportunity to present information and present reasons in opposition to the prequalification determination. At the conclusion of the hearing or no later than two (2) working days after completion of the hearing, the Appeals Panel will render its decision, which will be final and binding. The date for submission and opening of bids for a specific project will not be delayed or postponed to allow for completion of an appeal process. If the Contractor’s appeal is rejected by the Appeals Panel, the Contractor’s $1,000 filing deposit shall be forfeited to the City. Otherwise the deposit will be returned to the Contractor following issuance of the Appeals Panel’s decision.

The prequalification package, its completion and submission by the Contractor, and its use by the City, shall not give rise to any liability on the part of the City to the Contractor or any third party or person. This is not a solicitation for bid. The Contractor accepts all risk and cost associated with the completion of the prequalification package without financial guarantee.

A Contractor may be found not prequalified for bidding on a specific public works contract to be let by the City, or on all contracts to be let by the City until the Contractor meets the City’s requirements. In addition, a Contractor may be found not prequalified for either omission of requested information or falsification of information.

** NOTICE:** To contractors who are using subcontractors for a City public works project, please be advised that the City may require, as to subcontractors, one of the following:

- The qualification of subcontractors in the following crafts or trades, following acceptance of your bid, but before the award is made:
  - Prequalification of all subcontractors.
  - Prequalification of subcontractors in certain crafts.
  - Post-bid qualification review.

Answers to questions contained in the attached questionnaire, information about current bonding capacity on an aggregate and per project limit, and the most recent reviewed or audited financial statements, with accompanying notes and supplemental information, are required.

ATTACHMENT A – INSURANCE & INDEMNITY

Contractor to furnish a statement from its broker or insurance carrier(s) it will utilize on the project certifying that the following insurance requirements below will be met:

(a) Neither the Contractor nor any subcontractors shall commence any work until all required insurance has been obtained at their own expense. Such insurance must have the approval of the City as to limit, form, and amount, and shall be placed with insurers with a current A.M. Best’s rating of no less than A-:VII.

(b) Prior to execution of the Contract, the Contractor shall furnish the City with properly endorsed ACORD forms. The City, however, retains the right to request the original certificates of insurance and endorsements affecting coverage for all required policies.

(c) All of the Contractor’s policies shall contain an endorsement providing that written notice shall be given to the City at least thirty (30) calendar days prior to termination, cancellation, or reduction of coverage in the policy.

(d) Any policy or policies of insurance that the Contractor elects to carry as insurance against loss or damage to its construction equipment and tools shall include a provision therein providing a waiver of the insurer’s right to subrogation against the City, the Construction Manager, the Owner’s Representative, the Architect and each of their officers, employees, agents and volunteers.

(f) The requirements as to the types, limits, and the City’s approval of insurance coverage to be maintained by the Contractor are not intended to, and shall not in any manner, limit or qualify the liabilities and obligations assumed by the Contractor under the Contract.

(g) In addition to any other remedy the City may have, if the Contractor or any of the subcontractors fail to maintain the required insurance coverage, the City may obtain such insurance coverage as is not being maintained, in form and amount substantially the same as required herein, and the City may deduct the cost of such insurance from any amounts due or which may become due the Contractor under this Contract.

Coverage Requirements

The Contractor and all subcontractors shall, at their expense, maintain in effect at all times during the performance of work under the Contract not less than the following coverage and limits of insurance, which shall be maintained with insurers and under forms of policy satisfactory to the City.

(a) Worker’s Compensation and Employer’s Liability. The Contractor and all subcontractors shall maintain insurance to protect the Contractor or subcontractor from all claims under Worker’s Compensation and Employer’s Liability Acts. Such coverage shall be maintained, in type and amount, in strict compliance with all applicable State and Federal
statutes and regulations. The Contractor shall execute a certificate in compliance with Labor Code Section 1861, on the form provided in the Contract Documents. For all workers’ compensation policies a waiver of subrogation in favor of the City shall apply.

(b) Commercial General and Automobile Liability Insurance

(i) Form and Amounts. The insurance shall include, but shall not be limited to, protection against claims arising from death, bodily injury, personal injury, or damage to property resulting from actions, failures to act, operations or equipment of the insured, or by its employees, agents or consultants, or by anyone directly or indirectly employed by the insured. The amount of insurance coverage shall not be less than $5,000,000.00 per occurrence with an aggregate no less than two (2) times the required per occurrence limit applying to bodily injury, personal injury, and property damage, or any combination of the three. Any deductibles must be declared to and approved by the City. At the option of the City, either: the insurer shall reduce or eliminate such deductibles as respects the entity, its officers, officials, employees and volunteers; or the Contractor shall procure a bond guaranteeing payment of losses and related investigations, claim administration expenses, and defense expenses.

(ii) Additional Requirements. The commercial general and automobile liability insurance coverage shall also include the following:

a. A provision or endorsement naming the City, the Construction Manager, the Owner’s Representative, the Architect and each of their officers, employees, agents and volunteers, each as additional insured with respect to any potential liability arising out of the performance of any work under the Contract, and providing that such insurance is primary insurance as respects the interest of the City, and that any other insurance, risk pool membership, or other liability protection maintained by the City, the Construction Manager, the Owner’s Representative, the Architect and each of their officers, employees, agents and volunteers, is excess to the insurance required hereunder, and will not be called upon to contribute to any loss unless and until all limits available under the contractor’s and subcontractor’s insurance policy/policies have been paid.

b. A “Cross Liability” or “Severability of Interest” clause.

Broad Form Property Damage, Personal Injury, Contractual Liability, Protective Liability, and Completed Operations coverages, and elimination of any exclusion regarding loss or damage to property caused by explosion or resulting from collapse of buildings or structures or damage to property underground, commonly referred to by insurers as the “XCU” hazards.

c. A provision or endorsement stating that such insurance, subject to all of its other terms and conditions, applies to the liability assumed by the Contractor under the Contract, including, without limitation, indemnity and litigation costs.

d. A provision or endorsement stating that any failure to comply with reporting or other provisions of the policies, including breaches of warranties, shall
not affect coverage provided to the City, the Construction Manager, the Owner's
Representative, the Architect and their officers, officials, employees, or volunteers.

e. A provision or endorsement stating that the Contractor's
insurance shall apply separately to each insured against whom claim is made or suit is brought,
except with respect to the limits of the insurer’s liability.

(iii) SPECIAL NOTICE: Claims Made Coverage. Liability insurance coverage
shall not be written on a "claims made" basis. The Certificate of Insurance must clearly provide
that the coverage is on an "occurrence" basis.

(c) Builder’s Risk or Installation Floater “All-Risk” Insurance. Before commencement
of the work, the Contractor shall submit written evidence that it has obtained for the period of
the Contract, Builder’s Risk “All-Risk” Completed Value Insurance and/or Inland Marine “All-
Risk” Installation Floater Insurance, as may be applicable, upon the entire project which is the
subject of this Contract, including completed work and work in progress. The policy or policies
of insurance shall name the Contractor, Architect, City, and Engineer and their agents as
insureds as their respective interests may appear, and shall include an insurer’s waiver of
subrogation rights in favor of each. Such insurance may have a deductible clause, but the
amount of the deductible shall be subject to the approval of the City, except that the deductible
on earthquake coverage may be in accordance with the underwriter’s requirements.

(d) Contractors Pollution Liability
Pollution Coverage shall be provided on a Contractors Pollution Liability form or other form
acceptable to City providing coverage for liability arising out of sudden, accidental and gradual
pollution and remediation. The policy limit shall be no less than one million dollars ($1,000,000)
per claim. All activities contemplated in this agreement shall be specifically scheduled on the
policy as “covered operations.” The policy shall provide coverage for the hauling of waste from
the project site to the final disposal location, including non-owned disposal sites.

Indemnity Agreement

Contractor shall indemnify and hold harmless City, its officers, employees, agents and
volunteers from and against all liability, loss, damage, expense, and cost (including, without
limitation, reasonable legal counsel fees, expert fees and all other costs and fees of litigation) of
every nature arising out of or in connection with Contractor’s negligence, recklessness, or
willful misconduct in the performance of work hereunder, or its failure to comply with any of its
obligations contained in this Agreement, except such loss or damage caused by the active
negligence or willful misconduct of the City. It is expressly understood and agreed that the
foregoing provisions are intended to be as broad and inclusive as is permitted by the law of the
State of California and will survive termination of this Agreement.
